#### Chapter 7 Color and Graphics

Increasingly, people access the Web with high quality color monitors. Therefore, colors and color graphics are an important dimension of website design. Understanding colors and how they can be used to enhance visual communication is the first step in the effective use of color in site designs.

### **Chapter 7 Color and Graphics - Kent State University**

10% of what you read; 20% of what you hear; 30% of what you see and hear; 70% of what is discussed with others; 80% of what you experience personally; and 95% of what you teach someone? So, by doing the activities in this book, not just reading about them, you will improve your understanding of colour by 70%.

Color Psychology (the "Colour Affects" system) Color psychology is a matter of debate, to say the least. There are very few (if any) undisputed scientific research presented, yet an increasing ... that people wear still send out clear signals that we can all read accurately.

### **Color Psychology (the "Colour Affects" system)**

the firm impression of a scene in the grays of dawn, with seven faces turned down in the sea. And later the remains of the ship, washed by waves, going low and lower and down. Thereafter there was something strange in his voice. Although steady, it was deep with grief, and of a quality beyond speech or tears.
