The National Curriculum was introduced into England, Wales and Northern Ireland as a nationwide curriculum for primary and secondary state schools following the Education Reform Act 1988. Notwithstanding its name, it does not apply to independent schools, which may set their own curricula, but it ensures that state schools of all local education authorities have a common curriculum.

In the United States, net neutrality, the principle that Internet service providers (ISPs) treat all data on the Internet the same, and not discriminate, has been an issue of contention between network users and access providers since the 1990s. To elucidate the term "net neutrality", one can apply a metaphor that was given and illustrated by Michael Goodwin: In his illustration, he ...
