Cold War, Revolution and Decolonization: 1945 -1968

The Post-war Reconstruction of Europe, 1945-1955 Since the end of the Cold War, the decade following the Second World War has gained new significance. Historians have become particularly interested in the question of how Europe, which emerged from the war as a physical and moral wasteland, could rebuild itself so dramatically and successfully.

The Post-war Reconstruction of Europe, 1945-1955

and social reconstruction, national economic reform and patterns of international trade, and decolonization and national liberation. The editors also consider how and why the Cold War spread from Europe to Asia, Africa, the Middle East, and Latin America and how groups, classes, and elites used the Cold War to further their own interests.
