retail loss prevention in pdf

Retail loss prevention is a set of practices employed by retail companies to preserve profit. Profit preservation is any business activity specifically designed to reduce preventable losses. A preventable loss is any business cost caused by deliberate or inadvertent human actions, colloquially known as "shrinkage". Deliberate human actions that cause loss to a retail company can be theft ...

Electronic article surveillance is a technological method for preventing shoplifting from retail stores, pilferage
of books from libraries or removal of properties from office buildings. Special tags are fixed to merchandise or
books. These tags are removed or deactivated by the clerks when the item is properly bought or checked out.
